## **CRTV Board addresses speculation of validity of sale**

**(Campbell River, BC) September 22, 2008** – The CRTV Board of Directors would like to address a front-page article written by Dan MacLennan and run in the September 19, 2008 Courier Islander.

Prior to the August 23, 2008 Special Meeting, the CRTV Board of Directors sought expert legal advice on the propriety of the three resolutions that were approved at that meeting. In addition, the Board received legal advice prior to acting on the resolutions. That legal advice fully supported the actions taken by the Board at, and following, the Special Meeting and the Board stands by those actions.

There is no denying that the vast majority of voting members clearly support the sale of CRTV. The Board's position continues to be that the clear direction of the membership is being followed and that the transition of ownership will proceed.

On behalf of the Board of Directors,

**John Kerr**  
**President – CRTV**
